WRITING

1. Read the online news article about a TV show. Then imagine you are a journalist at one of the following events and write a news article about:

- A movie premier or an awards ceremony
- The opening of famous chef's new restaurant
- An international sports competition or final game

What's Streaming

HOME GAME Stream on Netflix. See athletes risk their lives on several continents - and at sea - in this documentary series, which looks at traditional sports around the globe. These include calcio storico, a centuries-old competition in Florence, Italy, that at once resembles football, rugby and street fighting; kok-boru, a game played in Kyrgyzstan that involves competitors on horseback throwing a goat carcass into a goal; and free diving - in which divers plunge into the ocean without oxygen tanks - in the Philippines. The series's eight episodes each explore a different sport. They double as character studies of the athletes, including a free-diver who offers a tidy explanation of his passion: he said that he was happy when he was in the deep."

2. After reading the new article answer the questions

- What is the article about? _____
- What sports did the text say? _____
