

Task 1 : Write the following numbers in words.

Eg: 2987 would be 'two thousand, nine hundred and eighty seven'.

a 4281

b 5406

c 42,962

Task 2: Complete the missing numbers in the sequences below.

Task 3: What is the number represented below?

a 200 400 500 700

b 3976 4976 7976

c 93,398 91,398

d 396,864 196,864

Reasoning:

10,000s	1,000s	100s	10s	1s
10,000	1,000 1,000 1,000 1,000	100 100 100 100 100 100 100 100	10	1 1 1 1 1

Georgia says that the number is multiple of 5
Is Georgia correct? Explain your answer.

Answer:
