

Peter has a problem. He wants to see his friend Emily (she **is** waiting for him) but **he doesn't know the way**.

Listen to the song and put the lyrics in the correct order.

You have to...

walk to the park (it's so much fun)

and then **turn right**

turn left

(and) **go straight on**

go over the bridge

cross the road at the traffic light

Now write the numbers to put the pictures in the correct order
