- A. I still study French now at secondary school. We read books in French and then we talk and write about them. We also study difficult points of grammar and write down new words that we come across.
- B. I started learning French when I was at primary school. I was seven years old. I remember singing songs in French and playing games. We learnt a lot of French words, like colours, animals and clothes.
- C. I like to learn French by learning all the new vocabulary at home and then writing it in sentences so that I can remember them. Then, of course, I try to use the new words in class and when I write to my friend.
- D. My name is Luke Gallagher and I'm British and my first language is English. Apart from English, I can speak French and German.
- E. Apart from doing French at school I also have some contact with French outside the classroom because I have a French e-pal. I send him messages every week and next summer I think I'm going to visit him. He lives in Brittany. I listen to some French singers, too, and occasionally I watch French films at the cinema or online.
