Bob Wallace

My name is Bob Wallace. I have got a family – Julia, my wife, and two children, Jeremy and Sue. I am English and now I live in London.

I am an environmental agent. I work for a secret agency called 'The Secret Eye'. Environmental agents protect planet Earth. I am Anne Carson and Jim Madox's boss. They are very good agents and they love adventurous missions. Our mission is to protect our planet. Mysterious things are happening around the world. There are rumours that there is a dangerous organisation and we are investigating it. It wants to destroy our planet, but we must stop it! I cannot say anymore; it is confidential.
