

The Tower of Babel. Genesis 11:1-9

Before starting construction of a building, you have to get permission to build. If you just start building anywhere you want, you'll probably run into a lot of trouble.

After the flood, Noah's descendants spread around the earth and the people of earth thought that nothing could stop them from being like God. They had pride and thought only of themselves. They started to build a tower to heaven to prove they can do anything because they all speak the same language, but they soon discovered that God was more powerful than their plans.

This was the beginning of the languages. Imagine what would've happened if the people didn't try to build the tower in the first place and they focused on God instead. Maybe we would all speak the same language today and live in unity.

Wisdom Corner: Our plans will fail when we leave God out. God wants us to stick to His plans, not our own.

Memory Verse: "Unless the Lord builds the house, the builders labour in vain." **Psalms 127:1a.**
