Homeworker 77: I'm Mala. I live in a shared house with four other students and it's always messy. I share a kitchen and bathroom. They're never clean because my housemates are very lazy. They never do any cleaning. My friends think the house is awful and they don't want to visit me. But it's a cheap place to live and I like my housemates – they're fun! My bedroom is different to the rest of the house. I work from home, so I keep everything tidy and organised in there. My desk's perfect – there's nothing on it! I only have one or two books on my desk when I'm working, but I put them in the cupboard with my laptop when I finish my work. I hate mess! Hmmm, maybe I do need to move house!
