Read the passage below and find the misspelled words. Write the words correctly on the lines **below.**

My parent always taught me that it is important to give to those who have less than we do. It does not have to mean giving money. If you are abbel, it is also great to give your time and talents. Each summer, we travle to a nearby city and work with a group of people building a house for another family. Even when I was litel, I could help by passing out lunch to the workers. Everyone got a sandwitch and pickle. Then I would spend the afternoon playing with toys and puzle with other kids. It feels god to help others. It can be a lot of fun too!
