

Anybody seen my baby

The Rolling Stones

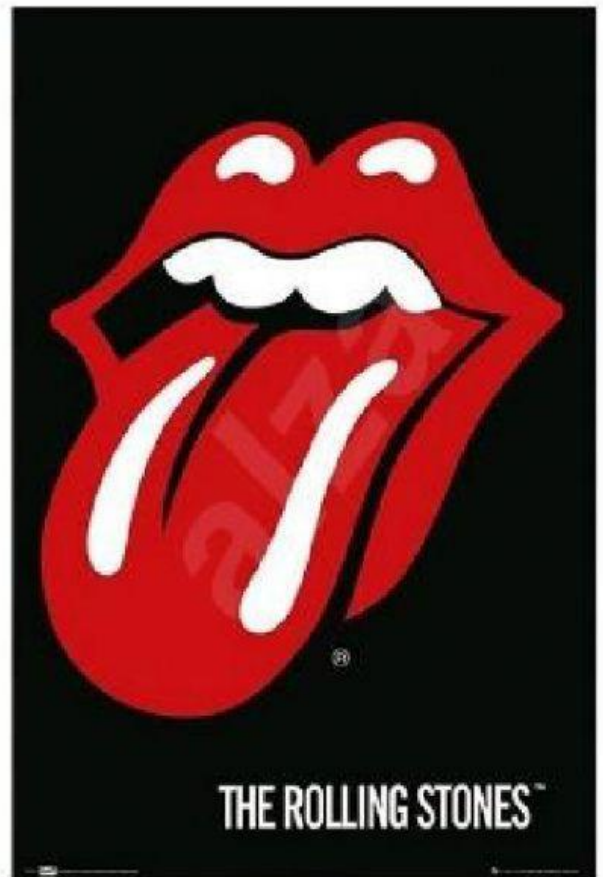

She confessed her love to him / me
Then she vanished on the breeze
Trying to hold on to that was just impossible
She was more than amazing / beautiful
Closer to etherial with a kind of down to earth flavor

Close my eyes, it's three in the afternoon / morning
Then I realize
That she's really gone / left for good

Anybody seen my girl / baby
Anybody seen her around
Love has gone and made me sad / blind
I've looked but I just can't find / see
She has gotten lost in the crowd

I was flippin' books / magazines
In that place on Mercer Square / Street
When I thought I spotted her
Getting on a bicycle / motorbike
Looking rather lady like
Didn't she just give me a wave?

Salty tears, it's three in the afternoon / morning
Has she disappeared
Is she really lost / gone for good

Anybody seen my baby / girl

Anybody seen her around

If I just close my door / eyes

I reach out and touch the prize

Anybody seen her around...
