Nikko!

Is there ¹ *everywhere / anywhere* in the world like Nikko, Japan? Of course, there are beautiful cities ² *everywhere / somewhere* in Japan. But ³ *anywhere / nowhere* like Nikko. It's a great place to see ⁴ *everything / nothing* Japan has to offer: historical sites from the Edo period, beautiful nature, and local culture. There's always ⁵ *anything / something* to see. If you get lost, ask ⁶ *somebody / something* for directions. The local people are very friendly! And after a long day, sit in a hot spring and do ⁷ *nothing / everything* ! Relax and watch the monkeys walking past.
