Topic: **How high is it?**

What is sightseeing? Where do people sightsee in your town

Read the next text.

Greg: That's the Space Needle.

Lin: Wow! **How high** is it?

Toby: It's 605 feet high. The observation deck is 520 feet high.

Lin: Really? That's interesting. **How wide** is it?

Toby: It's 120 feet wide.

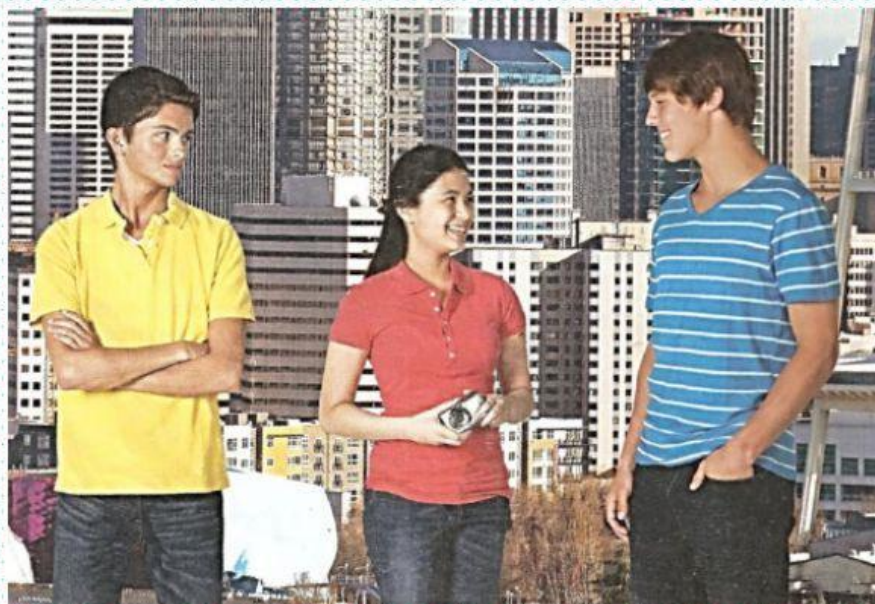

Greg: It has stores and a revolving restaurant.

Lin: It sounds great! **How many** people visit it every year?

Greg: Sorry, I don't have a clue.

Toby: More than one million. It's the most popular tourist attraction in the Northwest and . . .

Greg: OK, Toby. Give us a break! This isn't a math class!
