

## Maths

When a number goes into the trumpet it doubles that number.

$$4 \xrightarrow{\times 2} = 8$$

$$2 \xrightarrow{\quad} = \underline{\quad}$$

$$3 \xrightarrow{\quad} = \underline{\quad}$$

$$5 \xrightarrow{\quad} = \underline{\quad}$$

A saxophone adds 4 to a number.

$$5 \xrightarrow{+4} = 9$$

$$4 \xrightarrow{\quad} = \underline{\quad}$$

$$3 \xrightarrow{\quad} = \underline{\quad}$$

$$1 \xrightarrow{\quad} = \underline{\quad}$$

See if you can solve these equations.

$$2 \xrightarrow{\quad} = \underline{\quad}$$

$$3 \xrightarrow{\quad} = \underline{\quad}$$

$$2 \xrightarrow{\quad} = \underline{\quad}$$

$$1 \xrightarrow{\quad} = \underline{\quad}$$

$$2 \xrightarrow{\quad} = \underline{\quad}$$

$$5 \xrightarrow{\quad} = \underline{\quad}$$

ACMNA057 / MA3-6NA Represent and solve problems involving addition and multiplication and applies the order of operations to calculations involving more than one operation.
