James Bond movies are now more than fifty years old. But which one is the best and who is your favorite Bond? Here's what we found out. \_\_\_\_\_ (good) Bond is Sean Connery but \_\_\_\_\_ (exciting) film is SKYFALL. Sean Connery's best film was GOLDFINGER, but it isn't as \_\_\_\_\_ (good) as any of the Daniel Craig movies. \_\_\_\_\_ (scary) bad guy was Baron Samedi in Live and Let Die.

The new Bond films are \_\_\_\_\_ (exciting) than the old films. That's what most young people think. They say that the old movies were \_\_\_\_\_ (dull) the new ones but older people don't think that the new movies are as \_\_\_\_\_ (enjoyable) as the old ones.
