

The Hero Who was going to Save the World

Toto was a totally normal boy. He was sailing one day when a sea urchin stung him. At that moment, when he was rubbing his foot, he was, at the same time, attacked by an octopus, a mosquito and a parrot fish, while a seagull pooped on his head....

From such terrible events there could only appear a new superhero, with amazing superpowers:

Superpower Ultra Man!

His powers were so impressive that he immediately thought he should not use them on little things. So Superpower Ultra Man began looking for danger, so he could save the world from terrible things.

But the more he looked with his super-eyes, the more he travelled the world with his super quick velocity, and picked up buildings with his super strength, he didn't find anyone trying to conquer the galaxy or to blow up the planet. He couldn't even find any villain planning to leave the seas without water or move a mountain. So Superpower Ultra Man was bored.

One day somebody offered him to be on a television program, and as he was very bored, he accepted. He talked a lot about his powers and then, he had to save many people on the TV show! He thought that was going to be very easy so he stood up and said "Super velocity!" and flew away. He flew so fast that he bumped against the ceiling and fell on top of the presenter. Then, he had to save a person from a monster so he said "Super strength!" and got hold of the victim so hard that broke him an arm! His demonstration turned into a complete disaster. He couldn't control his strength or speed. The "saved" ones were hurt and angry with Superpower Ultra Man. The public laughed very hard and he was very embarrassed.

Superpower Ultra Man didn't know how to hold and rescue a single person because he was very concentrated on solving huge disasters.

And since that day, any time someone refuses to do something because they consider it to be too small for themselves, everyone remembers the case of Superpower Ultra Man and says:

"Don't be such a Superpower Ultra Man: IF YOU NEVER LEARN HOW TO DO THE LITTLE THINGS, YOU'LL NEVER KNOW HOW TO DEAL WITH THE BIG ONES."
