

→ CONTINENTS

A. Drag and drop the name of the continents.

AFRICA

ANTARCTICA

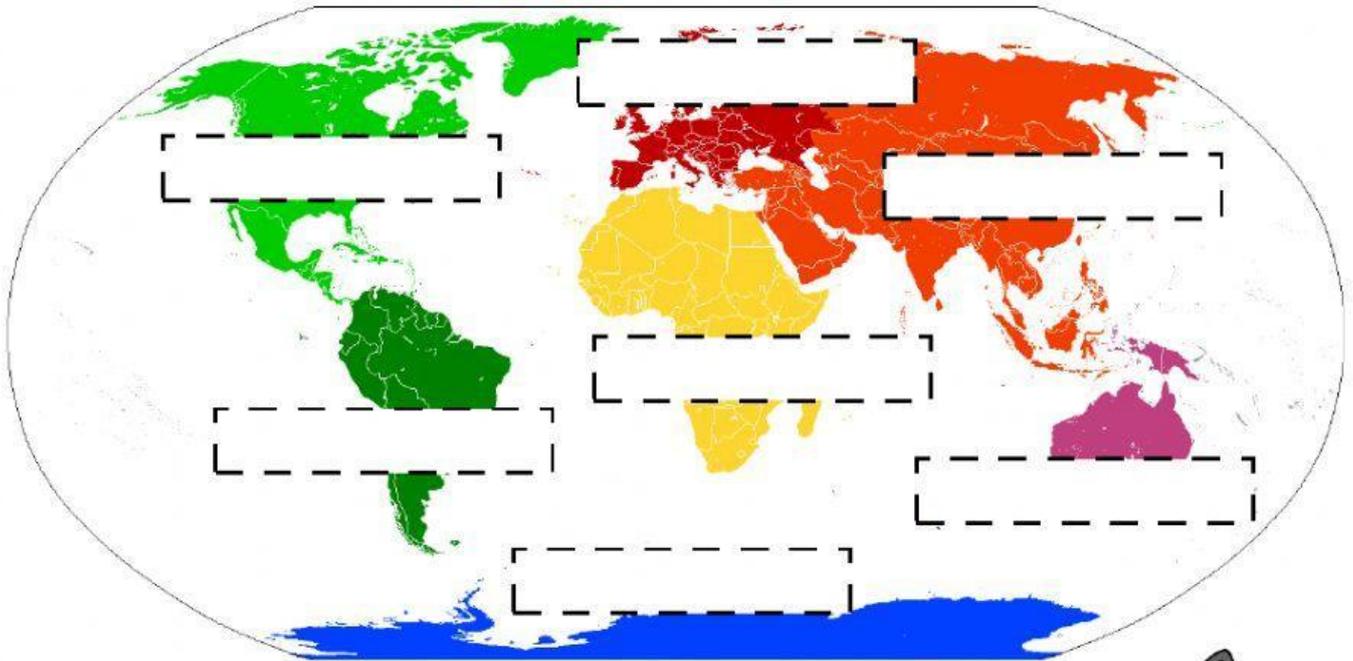

NORTH AMERICA

EUROPE

SOUTH AMERICA

AUSTRALIA

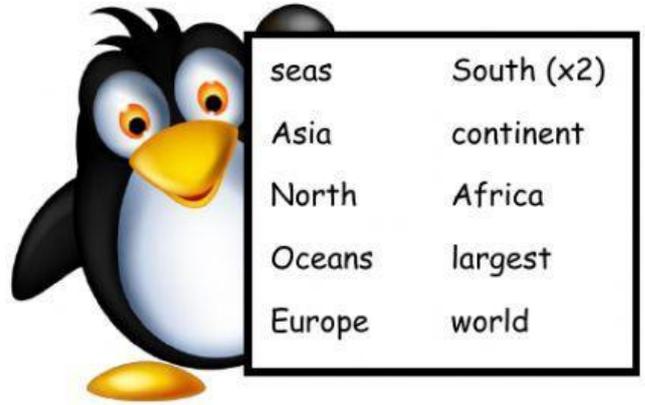

ASIA

B. Choose the correct answer.

C. Listen, choose and write.

1 _____ America,
2 _____ America
Africa, Europe and 3 _____
Australia, Antarctica
Seven continents
Back to the startica. (x2)

Now the first thing we wanna bring to this class
Is that a 4 _____ is a large land mass
Surrounded by great big bodies of water
Called 5 _____ (they're bigger) and 6 _____ (they're smaller)

So why don't we start with North America
Made of Mexico, United States and Canada
Then we can move 7 _____ past the equator
To South America where the heat is greater
Speaking of heat the next continent's blazing
It's 8 _____ where the animals are amazing
Next is 9 _____ and then there's 10 _____
Together they're the 11 _____ land mass because they're neighbours
And then we go to Australia down under
Where the Sydney Opera House is a known 12 _____ wonder
Last in Antarctica down at the bottom
The whole thing is frozen like Elsa and Anna

CHORUS
