

Activity 5: Free time activities!

- People love doing different activities such as playing chess and video games in their free time. You will hear people talking in five different situations. For questions 1-5, choose the picture which answers the question correctly:

1. What prevented the boy from playing soccer?

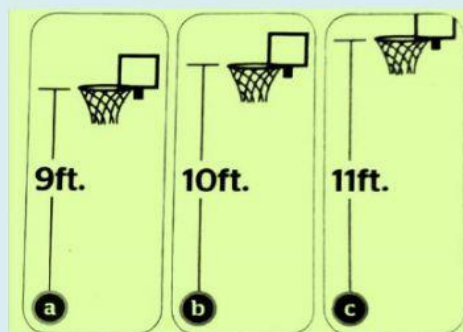

2. Which level on the computer game does the boy finish?

3. What activity do both girls like?

4. How high is the basketball hoop in the school gym?

5. What time did the boy wake up?
