b) To do a multiple-choice exercise, click on the correct box or open the drop-down menu and choose the correct option:

2. Mark **all the correct options** of the verb BE:

c) To do a matching exercise, drag each box to the correct place:

4. Drag the verbs into the gaps in these sentences:

My teacher _____ writing more examples.

I _____ finishing this exercise.

Now, give a wrong answer: write "wrong" in this gap: _____

Now **click on the Finish!! button** (it is possible that you need to move the page up to see the boxes), **write your name⁽¹⁾** and **click on SEND**.

What happens after that depends on what your teacher decides. Normally, you can check your answers, and if you move the mouse over the wrong answer in the last gap you can see the correct answer. This way, you can know immediately where you made a mistake and what the right answer was.

You can repeat an exercise if you like or if you get low marks, your teacher will see your results every time you do the activities, to see how you are making progress.

⁽¹⁾ Sometimes you have to write other data, like your class or your subject, in the boxes.
