

Quiz Module 3

Course: 4th B- CAE

Name:

A- Read this text about someone applying for a job in the USA. Rewrite the underlined sections using the verbs in brackets.

Last year I saw an advert for a brilliant job in the USA. The money was good and the job would have suited me perfectly. There was only one problem: (1) I was too frightened to tell my parents that I'd applied for a job in the USA. (2) I knew they wouldn't want me to work abroad. Like most parents, mine tend to worry about my safety, but they're not that bad. (3) They have always allowed me to make my own decisions.

When I heard I'd got an interview for the job, I didn't know what to do. (4) I even thought: 'Perhaps I won't turn up for the interview'. However, I felt I should go since (5) the American company had made arrangements to hold the interviews in London.

So I went for the interview and was actually offered the job. Unfortunately, it wasn't quite as good a deal as it had sounded in the original advert – so I turned it down. (6) In the end it was my choice not to work in the USA.
