

ENGLISH TEST- 4TH CHILDREN

Yesterday was Monday. It was a terrible day! I started my day late because the alarm didn't ring! It was cold and rainy and my uniform wasn't clean! It was in the washing machine so I used my brother's shirt and trousers. They were too big for me but there wasn't another option! I went to the kitchen and there wasn't any milk or cereals for the breakfast, so I simply put an apple in my schoolbag and hurried to the bus stop. The bus was late and full of people, so I travelled very uncomfortable. When I arrived at school it was half past eight! I entered the class. Everybody was really concentrated and silent. It was surprising! We normally are a very noisy class. Then I remembered! It was Geography's test! I was so nervous! At 9:30 there was a break. I was so hungry! I looked for the apple in my schoolbag but it wasn't there. It disappeared! Luckily the lunch at school that day was delicious! There was spaghetti and meat balls for lunch. After lunch was the P.E lesson. It was very funny because we played basketball...How about you? How was your day yesterday?
