A new trend in public transport is taking off. Modern trains and buses are being used in cities all over the country. A cable-car is another efficient vehicle that will be put in to use soon in Jerusalem. The variety of different ways to get around encourages visitors to the cities to use public transportation. This successfully reduces the number of cars on the roads and causes a valuable improvement in the quality of the air we breathe.

1. How can a tourist get around the city today?

2. In your own words explain why people are using their cars less than they used to.

3. How will this affect the air in the cities?

4. Cable cars are being used in Jerusalem today.
