

Like or don't like? Click to listen and put the fruits and vegetables in the correct bubble speech.

(Has click para escuchar y coloca las frutas y verduras en el cuadro de diálogo correcto. Hay un ejemplo)

Example:

The example shows a boy at the bottom with two speech bubbles. A horizontal bar at the top contains five items: a pea pod, a red apple, a bunch of bananas, lemons, and a pepper. A red speech bubble from the boy contains a banana and a sad face emoji, with the text "I don't like bananas" and a speaker icon. A purple speech bubble from the boy contains a pepper and a happy face emoji, with the text "I like pepper" and a speaker icon. Dotted lines connect the banana in the top bar to the banana in the red bubble, and the pepper in the top bar to the pepper in the purple bubble.
