

- FINALIST FOR THE PULITZER PRIZE 2011
- A wildly mind-bending book... its thesis is simple and persuasive. The things that we do have a physical effect on our brains... What looks like bliss, Carr argues, may be closer to torture... the internet is a distorting machine. *—Dave Karger, Rolling Stone*
- # THE SHALLOWS
- How the internet is changing the way we think, read and remember
- 
- NICHOLAS CARR

Key words carry the most important information. They are generally nouns and verbs and are usually spoken more loudly and clearly than other words. For example:

4a Look at these phrases from the review in exercise 2. Which do you think are the most important words in each phrase? Discuss with a partner, and underline them.
