

Watch the video. Sing the song.

1. Listen the song and choose the correct option.

Technology 🎵

T-E-C-H-N-O-L-O-G-Y, technology!
Technology! Technology!

CDs, DVDs and mobile phones. Technology!
Computers and laptops in every home.
Technology!

It's in your school, it's in your street.
It's over your ¹ head / arms, it's under
your feet.
Technology!

There's no doubt about it.
We can't live without it. Technology!
My ² grandma / sister could live without it,
But I can't live without it. Technology!

You ³ have to / don't have to be smart, all
you boys and girls. Technology!

You have to be ⁴ smart / bored. It's a digital
world. Technology!
Everywhere you go, everything you see.
It's all around you, it's all around ⁵ me / us.
Technology!

T-E-C-H-N-O-L-O-G-Y, technology!
T-E-C-H-N-O-L-O-G-Y, technology!
Technology!

Read and match the song lyrics.

Technology 🎵
