They (can not) see very well because it was six o'clock and it was getting dark. But they (can) see two shiny angry eyes like a wolf. They (see) that the creature was getting closer and closer. Bob and Ben (start) cycling again very quickly. They were frightened. When they (reach) the street they noticed that the creature was following them!!

To their surprise, they realized that it was NOT a wolf or a monster, it was 'Fluffy' the neighbour's dog. Bob and Ben (take) Fluffy back home. The owner was crazy looking for him. Bob and Ben were relieved that they were alive and the neighbour and Fluffy were happy to be together again. It(be) a great end to the day!
