Language Testing

My name is Elena and I am a 27 years old Romanian national. I have been living and working in the UK for almost 2 years, as a live-in. I have also previous experience in childcare, with children aged 1-7, including autistic children, and housework.

I could describe myself as being a very responsible person, mature, honest and friendly, highly organised, hands on work and trustworthy.I'm confident taking care of children, but moreover I love being around them and part of their joy, observing their development.

I have a good command of English and I can commit for long term, but I take in consideration temporary jobs as well. I have First Aid Course, DBS check, teacher qualification Level 1,checkable references from UK and other certificates. I could provide you with all necessary documents via e-mail, on request.

I'm available for interviews, anytime, Monday 21th April and Tuesday 22th April and I need to find a position, preferable as Nanny/Housekeeper, very soon.

If you need someone with whom to entrust your children, I might be the right candidate, so please don't hesitate in contacting me here or on my mobile at 07935637025, for any inquires you might have.
