

GIMNASIO MODELIA REAL  
READING UNIT 6 AMAZING PLANTS  
ACTIVITY BY GROUPS

Read pages 90 and 91 and develop:

1. What do plants need to live?

---

---

2. What is the strategy of some plants to get the nutrients? ( paragraph 2)

---

3. Match the characteristics to the corresponding plant

Gets its name from the smell

Attracts insects with a sweet odor

The leaf closes and trap the insect

Pollen sticks to the fly or insect

The fly takes the pollen to other plant

The plant digests the insect
