

THE INTERNATIONAL SPACE STATION

1

What is the main topic of the text?

- a) space experiments
- b) life on the ISS
- c) ISS: description and facts
- d) parts of the ISS

2

Give a short title to each paragraph.

Par. 1

Par. 2

Par. 3

Par. 4

4

Write a summary of the text. Try to use your own words - not the words from the text!

3

Match the concepts to the data

Speed

17

Nationalities

0

Launch date

2011

Height

16

Time from Earth

28,000 km/h

Gravity

+ 400 km

Orbits per day

4 h

5

Give your personal opinion on the topic.

Do you think it's interesting to perform experiments on space?

Why? Did you know about the ISS? What do you think about

it? Would you like to live on the station for three months? Etc.
