

5. Multiplica y divide.

|                  |                  |                    |                     |
|------------------|------------------|--------------------|---------------------|
| $78 \times 10 =$ | $900 \div 10 =$  | $849 \times 100 =$ | $847 \times 1000 =$ |
|                  |                  |                    |                     |
| $700 \div 10 =$  | $300 \div 100 =$ | $940 \div 10 =$    | $2020 \div 10 =$    |
|                  |                  |                    |                     |

6. Relaciona cada fracción con su representación

- $2/3$
- $5/8$
- $1/2$
- $8/12$

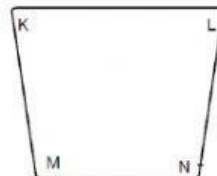

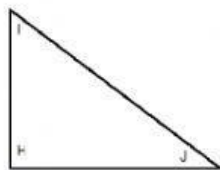

7. Arrastra la respuesta correcta a su lugar.

$$3/8 + 4/8 =$$

$$7/9 - 2/9 =$$

|       |       |       |       |
|-------|-------|-------|-------|
| $8/7$ | $5/9$ | $7/8$ | $9/5$ |
|-------|-------|-------|-------|

8. Clasifica los ángulos de esas figuras. Pon las respuestas en orden alfabético.

| ÁNGULOS RECTOS | ÁNGULOS AGUDOS | ÁNGULOS OBTUSOS |
|----------------|----------------|-----------------|
|                |                |                 |
