Read & Find | Go Travel!

Do you know people who have traveled a lot? Do you know someone who has lived in different places? Read what this person says about it. Underline **used to** and read the text out loud.

I travel a lot because of my job. I didn't use to travel in my old job, but now I have to, and I love it.
I lived in Tokyo for several weeks, and I used to go to clubs every weekend. They are great fun! Now that I'm married, I don't visit them so often.
I used to like fish, but not anymore - after eating it raw for so long! I used to have trouble at the beginning using chopsticks and driving on the left of the road, but now I'm an expert!
If you have the chance to get a job in which you have to travel, by all means take it!
