Las muñecas \_\_\_\_\_ are little muñecas made of wire, twigs, cardboard and textiles. They come from the \_\_\_\_\_ people of Guatemala and are traditionally made by \_\_\_\_\_. They come in small pouches with \_\_\_\_\_ muñecas: one for every día de la semana menos \_\_\_\_\_. Antes de los niños go to sleep, they tell their \_\_\_\_\_ a una muñeca, and then put it under their \_\_\_\_\_. Then the muñeca can do the worrying so that the niño doesn't have to. Each \_\_\_\_\_, the niño tells their preocupaciones a una muñeca and leaves it under their almohada. Los domingos, the niño rubs las \_\_\_\_\_ de las muñecas to make them feel better and puts them back in the bag. (Even worry dolls should get a \_\_\_\_\_ on los domingos!)
