

UNIT 8 FINAL ACTIVITY

“ Wild Animals”

1) Read the text and write TRUE or FALSE. Correct the false information.

Hello! My name's Sebastian. I'm from Ituzaingo in Buenos Aires city. My favourite wild animals are zebras, foxes and whales.

I sometimes go to “TEMAIKEN” zoo and visit them. They are lovely!!

Zebras live in the jungle. They are big. They can run but they can't fly. They have got stripes. They are black and white. They are herbivores. They only eat plants. They like eating grass.

Foxes live in the forest. They are small and can chase animals!! They have a long tail. They are colour brown or red. They are carnivores but they sometimes eat fruit.

Whales live in the ocean. They are enormous! They can jump out of the water but they can't walk! They are of different. They eat a lot of fish.

What are your favourite wild animals?

Kisses,

Sebas
