I lived in India for the past 10 years. I am not familiar with most of the places although I have been living here for long. I live in India because my husband works here. As I mentioned earlier I am still unfamiliar with the places here and hence I find it quite tough to live here even after 10 years. I want to be familiar with India before I leave for France. Once I get familiar with the places I would feel good. I need someone to guide me on how to reach the important monuments in India.
