### Extreme Weather

Cut and glue the normal weather conditions into the extreme weather categories. Then talk about weather.

| Tornado                                                                                                                                                                                                            | Blizzard                                                                                                                                                                                                                                                                                   |
