3) Read the text and complete the chart. (Leé el texto y completá el cuadro). Activity from the book on page 51.

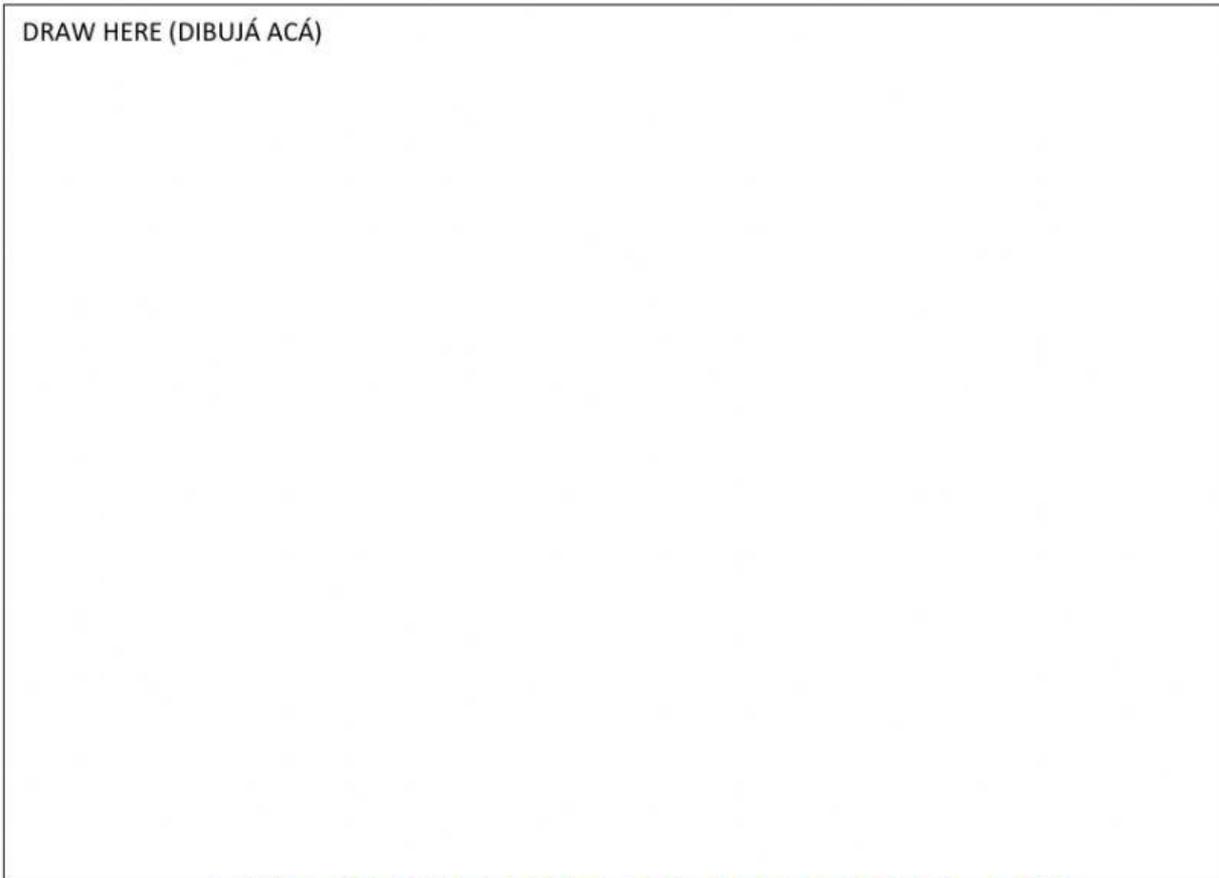

My birthday is on 5th April and I celebrate it with my family and friends at home. We decorate the house with balloons and streamers, and I wear my favourite clothes on this special day. We always stay in the garden because it's warm and sunny. We eat hamburgers or hot dogs, and then play different games and listen to music. My mum and my aunt prepare the birthday cake and it's always delicious! My birthday is a very special occasion because I always have a great time and receive a lot of presents! What's your favourite special celebration?
