

My favourite musician.

Read and listen to the group presentation about Fito Paez.

Santino: Today I want to tell you about my favourite musician, the Argentine rock star Fito Paez. His real name is Rodolfo, but people normally call him Fito. He's from Rosario, but he's living in the City of Buenos Aires right now. OK, so here's a photo of him. In the photo, he's playing at a musical festival in Chile.

Lautaro: Let me tell you more about him. Well, Fito is a singer-songwriter and a pianist. I haven't got all of his albums, but I've got about ten, including "Del '63", his first album and "El amor despues del amor".

Pilar: I like those albums, too. However, my favourite album is Abre. Let's talk about the songs on the album. I love "Al lado del camino" because the words are great. "La despedida" is very different. It's a sad song, but it sounds fantastic.

Santino: And what about his concerts? Well, Fito frequently plays in different countries in South America and his concerts are always amazing. Next time he plays in Argentina. I want to see him!

Answer the questions about the presentation.
