SEASONS

● Read the text carefully and match.

SPRING

We are in Spring! Every day is warm and sunny. The birds sing and we plant flowers. There are many insects, too. I go cycling to the park. What a beautiful season!

FALL

The Fall is here! Let's have fun! We can sing, jump and run. There are yellow and brown leaves on the ground. My sister's favorite season is the Fall.

SUMMER

I love the Summer. It's sunny and very, very hot, too. During the Summer I sunbathe and go to the swimming pool. Summertime is my favorite season!

WINTER

This season is really cold. In Winter we wear boots, pants, a coat and gloves. In some places there is snow during wintertime. I drink hot chocolate and watch cartoons in the afternoon.
