1) READING COMPREHENSION: Read the text and write True (T) or False (F)

Our guest this week is Matt Cross who Works as an interpreter for an international organization. Here are some of the things Matt told us when we Spoke to him in Zurich.

1. I Haven't always been interested in languages. When I was at school my favourite subjects were Biology and Maths. And, of course, I loved all sports, I was in the school football and cricket teams. I used to play every Saturday. '
2. I became interested in languages when I went to an exchange visit to France and then, the next year, to Germany. I enjoy speaking to people in their own language and I seem to learn languages very quickly. I don't mind people laughing at my mistakes and I always ask my friends to correct me when I make a mistake.
3. After my visit to Germany. I decided to study a foreign language at university. I chose Japanese because very few people can speak and write Japanese in the UK. I thought I would get a good job. I worked hard at university and did well in the examinations. Then I got a job with a company in Tokyo. I lived and worked in Tokyo for four years.
4. Now I'm working in Zurich and I'm enjoying my job very much. The best part of the job is meeting lots of interesting people. The worst part is that we often have to work late in the evening and at - weekends. I like Zurich — there's a lot to do here. I've got a modern flat near the centre of the city — it's on the fifth floor and the view over the city is great. I've painted all the rooms myself — in my favourite colours — grey, cream and blue.
5. I think I will stay in my present job for five or six years and then move to the USA. My girlfriend is American. She works in New - York so I'd like to get a job there, perhaps working for a multinational company.

- 1) Matt was interested in languages before going on an exchange visit to France.
- 2) When he makes mistakes he wants his friends to correct him. .
- 3) He had good marks in the exams.
- 4) He never has to work late, only at weekends. ... '
