I catch bad people every night! Sometimes I work together with my super friends. They are all good people.
Hi! I'm Batman. I'm writing to tell you about my hobby. Can you guess what it is?
I usually catch bad people in Gotham city because I live there, but sometimes I go to lots of different place around the world, and even into space!
Write to me and tell me about your hobbies! Be good so I don't have to catch you! Yours, The Batman.
My hobby is catching bad people, criminals. Some of them are very smart, and very strong, so the police can't catch them. When that happens they call me!
I love catching bad people! I can fight them, which is fun. Looking for them is like doing a puzzle, and I like doing puzzles.
