

# You've got a friend in me

Listen and choose the correct word.

By Randy Newman

You've got a friend toy in me

You've got a song friend in me

When the road looks rough ahead

And you're miles and miles kilometers

from your nice warm bed food

You just remember what your old pal said

Boy, you've got a ball friend in me

Yeah, you've got a friend in me

You've got a friend in me, You've got a friend in me

You got pet troubles, and I got 'em too

There isn't anything I wouldn't do for you her

We stick together stickers

and we see it through

'Cause you've got a friend in me

You've got a friend in me

Some other folks might be a little bit sad smarter

than I am Bigger and stronger too, maybe

But none of them will ever love you the way I do

It's me and you, boy

And as the years go by

Our friendship french fries will never die

You're gonna see it's our destiny

You've got a friend in me

You've got a friend in me

You've got a friend in me
