

Drill: *Multiplying Decimals by Powers of Ten (10)*

Look at this example:

- a) $23.891 \times 10 = 238.91$
- b) $23.891 \times 100 = 2389.1$
- c) $23.891 \times 1000 = 23891$

Did you see any pattern?

Try These:

- a) 1.62×10
- b) 2.864×100
- c) 7.1042×1000
