EJEMPLO

456

Diagram for approximating 456 to the nearest hundred. Two boxes are connected by lines to the number 456, and a larger box is below them.

673

Diagram for approximating 673 to the nearest hundred. Two boxes are connected by lines to the number 673, and a larger box is below them.

234

Diagram for approximating 234 to the nearest hundred. Two boxes are connected by lines to the number 234, and a larger box is below them.

764

Diagram for approximating 764 to the nearest hundred. Two boxes are connected by lines to the number 764, and a larger box is below them.

987

Diagram for approximating 987 to the nearest hundred. Two boxes are connected by lines to the number 987, and a larger box is below them.

364

Diagram for approximating 364 to the nearest hundred. Two boxes are connected by lines to the number 364, and a larger box is below them.

872

Diagram for approximating 872 to the nearest hundred. Two boxes are connected by lines to the number 872, and a larger box is below them.

267

Diagram for approximating 267 to the nearest hundred. Two boxes are connected by lines to the number 267, and a larger box is below them.

123

Diagram for approximating 123 to the nearest hundred. Two boxes are connected by lines to the number 123, and a larger box is below them.

645

Diagram for approximating 645 to the nearest hundred. Two boxes are connected by lines to the number 645, and a larger box is below them.

324

Diagram for approximating 324 to the nearest hundred. Two boxes are connected by lines to the number 324, and a larger box is below them.

333

Diagram for approximating 333 to the nearest hundred. Two boxes are connected by lines to the number 333, and a larger box is below them.

784

Diagram for approximating 784 to the nearest hundred. Two boxes are connected by lines to the number 784, and a larger box is below them.

656

Diagram for approximating 656 to the nearest hundred. Two boxes are connected by lines to the number 656, and a larger box is below them.

987

Diagram for approximating 987 to the nearest hundred. Two boxes are connected by lines to the number 987, and a larger box is below them.
