

Multiply by 9

Solve the multiplication problems to answer the riddle.

$9 \times 7 = \underline{\quad} \quad \text{l}$

$9 \times 0 = \underline{\quad} \quad \text{e}$

$9 \times 4 = \underline{\quad} \quad \text{i}$

$9 \times 6 = \underline{\quad} \quad \text{g}$

$9 \times 10 = \underline{\quad} \quad \text{p}$

$9 \times 5 = \underline{\quad} \quad \text{e}$

$9 \times 1 = \underline{\quad} \quad \text{l}$

$9 \times 3 = \underline{\quad} \quad \text{n}$

$9 \times 9 = \underline{\quad} \quad \text{s}$

$9 \times 2 = \underline{\quad} \quad \text{e}$

$9 \times 8 = \underline{\quad} \quad \text{b}$

What is more wonderful than a dog
that can count?

A
