

Expanded Notation

Write the expanded notation for:

$$\begin{aligned} 1.73 &= (\underline{\quad} \times 10 + \underline{\quad} \times 1) \\ &= \underline{\quad} + \underline{\quad} \\ &= \underline{\quad} \end{aligned}$$

$$\begin{aligned} 2.94 &= (\underline{\quad} \times 10 + \underline{\quad} \times 1) \\ &= \underline{\quad} + \underline{\quad} \\ &= \underline{\quad} \end{aligned}$$

$$\begin{aligned} 3.82 &= (\underline{\quad} \times \underline{\quad} + \underline{\quad} \times \underline{\quad}) \\ &= \underline{\quad} + \underline{\quad} \\ &= \underline{\quad} \end{aligned}$$

$$\begin{aligned} 4.73 &= (\underline{\quad} \times \underline{\quad} + \underline{\quad} \times \underline{\quad}) \\ &= \underline{\quad} + \underline{\quad} \\ &= \underline{\quad} \end{aligned}$$

$$\begin{aligned} 5.99 &= \\ &= \\ &= \end{aligned}$$
