At night, Florence talked to the injured soldiers and helped the men to write letters.

In the Crimean War, there were no nurses in the army hospitals and many men died.

Florence Nightingale lived in the 19th century. She wanted to be a nurse and help people.

She continued to work hard in Britain to improve hospitals and she was given a medal.

When Florence returned to England, people called her a heroine.

In 1851, Florence went to Germany and learned about nursing.

She carried a lamp and the soldiers called her 'The lady with the lamp'.

Florence made the army hospital a cleaner and safer place, so fewer men died.
