Solid Shapes Riddles

Read each riddle to name the solid shape.

You see me at parties that are never dull.
Some wear me, some eat me, I have a point
and my face is a circle.

What shape am I?

My faces are rectangular, though some
might be square. Six faces on which to
stack me, **What name do I bear?**

Round and round and round I go. I have no
faces or no points or no edges, you know.

What is my name?

Eight corners, twelve edges are plain
to see. Six square faces have I,

What could I be?

Open or closed, big or little I have two circle
faces and can roll in the middle.

What am I?
