

Hello, good morning guys!

Today we are going to see the page 13.

Here you can see a crocodile. The task for this week is to follow the patterns to draw an animal.

At the same way of the last week, you have to draw a wild animal using dots, lines, stripes, crosses... (with the usual colours of the animal).

When you finish colouring it, you have to draw another wild animal at the back, at page 14, using the same technique.

For example, you can draw a tiger, a cheetah, a lion, a bear...

It's up to you!

Bye, bye. See you in class.
