

Steering by compass

Write* the orders the Officer of the Watch gives and what the helmsman repeats back

*Use WORDS, not numbers

Course to be steered:

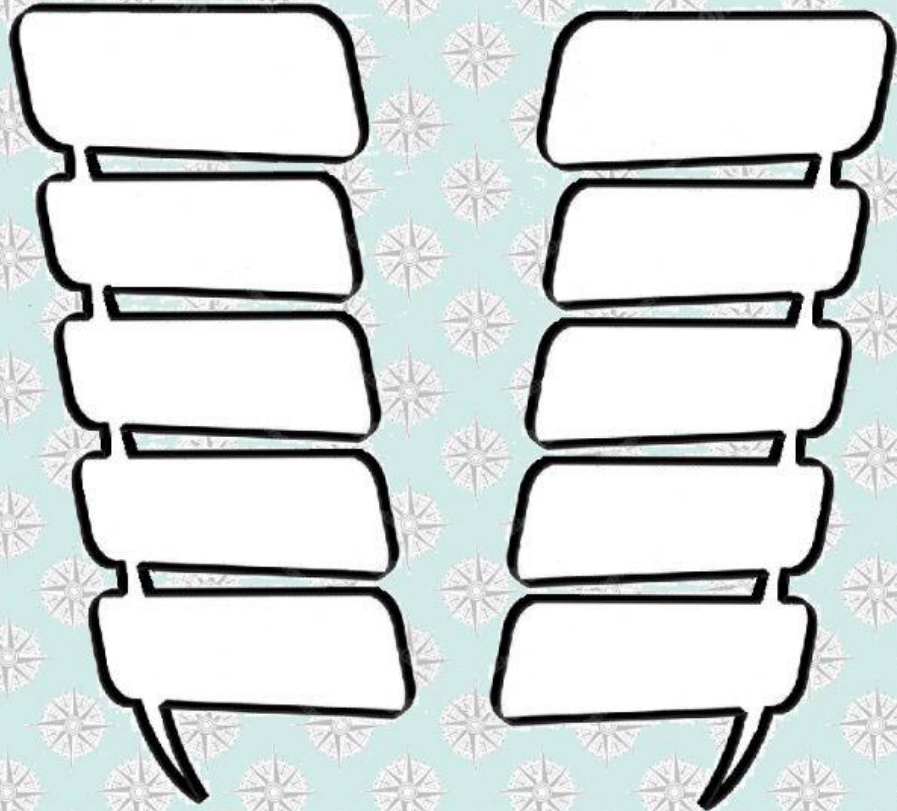

(starboard) 327°

(port) 081°

(port) 194°

(starboard) 056°

(port) 170°

B. Listen to the helm orders for the course to be steered by compass and choose the correct alternative

The order tells you to steer 092 / 290 degrees, port / starboard side.

The order tells you to steer 114 / 140 degrees, port / starboard side.

The order tells you to steer 060 / 016 degrees, port / starboard side.

The order tells you to steer 242 / 072 degrees, port / starboard side.

The order tells you to steer 089 / 081 degrees, port / starboard side.
