

READING & COMPREHENSION

School Days

Hi! I'm Jake. On a typical day, my parents get up first. They get up at seven. I usually get up at about eight. I have breakfast, then I walk or ride my bike to school. I am never late for school! The classes start at nine. On Tuesdays and Thursdays mornings, we study math. That's my favorite subject. Science and history are always on Monday morning and Wednesday afternoon. They're ok, but I'm not very good at them. I always have lunch at school. The school food is usually bad, so I rarely eat it. Mom usually makes sandwiches for me in the morning. After lunch, there are two classes. I sometimes go to music club after school and I usually go to my friend's house once or two a week.

Weekends

I love Saturdays mornings. There aren't any lessons, so I never get up before ten o'clock. I always play computer games in the mornings. I often send text messages and post videos on Instagram. I usually go out with my friends in the afternoons. We go to the shopping mall or to the movies. On Sundays, my mom, my dad, and I visit my grandparents. We always have lunch together.

Are these sentences true (T) or false (F)?

1. Jake's parents get up at seven o'clock. (True) (False)
2. Jake's favorite school subject is music. (True) (False)
3. Jake is never late for school. (True) (False)
