

6 + 2 8 11 9 9

23 27 37 57 47 50

The diagram shows a sequence of operations starting from the number 15 (in a cube) and ending at the number 55 (in a cylinder). The path is as follows:

- Start: 15 (in a cube)
- Operation: $+10$ (down arrow)
- Intermediate: Empty box
- Operation: $+10$ (down arrow)
- Intermediate: Empty box
- Operation: $+10$ (right arrow)
- Intermediate: Empty box
- Operation: $+10$ (right arrow)
- Intermediate: Empty box
- Operation: $+1$ (right arrow)
- Intermediate: Empty box
- Operation: $+1$ (right arrow)
- Intermediate: 56 (in a box)
- Operation: -10 (left arrow)
- End: 55 (in a cylinder)

There are also several other empty boxes and arrows with numbers in circles, suggesting a more complex or branching sequence of operations, but the main path to 55 is highlighted.
