INSTRUCTIONS: Read each section carefully.

A. Using the symbols >, < and =, compare the numbers below. [4]

7 381 732 ☐ 6 938 271   3 729 173 ☐ 3 483

7 381 732 ☐ 6 938 271   710 938 ☐ 1 627 388

B. Solve these problems. [12]

```
  89.61            29              71
- 26.632         +27.69          - 12.3
```

```
  26              51              54.7
+ 13.824        - 38.75         +  9.39
```

Solve.

Yesterday, 8 900 people went to the park and 8 325 people went to the beach. Which location had the least amount of people?
Ans: _____[2]

The hikers can take two trails to get to their campsite. The distance along one is 3.82 km. the distance along the other is 3.49. What is the difference between the two trails?
Ans: _____[2]
